Pop up for new game

This can be rounded corners

Let's Mahj - Start or Join a Game

Start a Game

Open game - Anyone with the same game speed and Discard Tutor options may join my game.

Friends Only - Let's Mahj friends with the same game speed and Discard tutor options may find me and join my game.

Private Game - Set up a private game and get a code to send to other players . (pop up to start one)

Individual Game - Just playing the computer bots.

Join a Game

Open Game - Join a game with players that have the same game speed and Discard Tutor options

Friends Only - Join a game with a player that has me on their Let's Mahj friends list and has the same game speed and Discard Tutor options
(search box)

Private Game Code

I had to add the game mode names and change some of the text

Let's Mahj Find a Friend

Search box

Results list , you can add to list or send a message

I made this box smaller and deleted some of the wording
